XT.COM, the world's most secured and socially infused exchange is proud to announce its partnership with Metatron Coin (MTC). This collaboration will enable both XT.COM and MTC to expand their global reach and benefit from each other's community.

The exchange will list Metatron Coin (MTC) and open for trading MTC/USDT at 2022/06/10 7:00 (UTC). Traders can start their deposit ahead of time on 2022/06/9 7:00 (UTC). On the other hand, the withdrawal section will open on 2022/06/11 7:00 (UTC).

Also, the Global CMO of XT.COM explained, "On behalf of XT.COM, I am excited to join hands and list Metatron Coin (MTC) on our platform. With this partnership, together, we will expand our global crypto reach and explore the full potential of crypto and blockchain technology."

Meanwhile, Metatron Coin (MTC) is a TRC20 token that utilizes the Tron blockchain. It has a total supply of 1 billion tokens that can be used for the network's premium services and rewards its network community. In addition, the network aims to be a token economy equipped with a superb ecosystem. This feature will increase the potential of the crypto to raise its value over time.

About Metatron Coin (MTC)

Metatron Coin is a platform designed for activating Metaverse and esports markets. The network manages data in areas such as society, economy, sports, culture, politics, technology, and science.

In terms of technology, Metatron Coin is designed for P2P and mobile mining. It provides a decentralized chain where all participants in the blockchain become producers and miners simultaneously. Furthermore, the network allows its users to own virtual estate, buy and sell products, and enjoy esports and entertainment in the Metatron universe.

The network is created to make its user's dreams come true in the form of artists, athletes, and influencers that they want to be in real life.

About XT.COM

The world's most secured and socially integrated exchange, **XT.COM**, is pleased to announce its cooperation with Metatron Coin (MTC). XT.COM and MTC will be able to increase their worldwide reach and benefit from one another's communities as a result of this agreement.

At 7:00 a.m. on June 10, 2022, the exchange will list Metatron Coin (MTC) and begin trading MTC/USDT (UTC). Traders can begin their deposit on June 9, 2022, at 7:00 a.m. (UTC). The withdrawal portion, on the other hand, will open on 2022/06/11 at 7:00 (UTC).

Also, the Global CMO of XT.COM explained, "On behalf of XT.COM, I am excited to join hands and list Metatron Coin (MTC) on our platform. With this partnership, together, we will expand our global crypto reach and explore the full potential of crypto and blockchain technology."

Meanwhile, Metatron Coin (MTC) is a TRC20 token that runs on the Tron network. It has a total supply of 1 billion tokens, which can be used to pay for premium services on the network and reward its users. Furthermore, the network appears to be a token economy with a world-class environment. This feature will boost the cryptocurrency's ability to appreciate in value over time.

Metatron Coin (MTC)

Metatron Coin is a platform for Metaverse and esports market activation. Data in sectors such as society, economy, sports, culture, politics, technology, and science is managed through the network.

Metatron Coin is developed for P2P and mobile mining in terms of technology. It provides a decentralized chain where all participants in the blockchain become producers and miners simultaneously. Furthermore, the network allows its users to own virtual estate, buy and sell products, and enjoy esports and entertainment in the Metatron universe.

The network was established to help users realize their ambitions of being famous artists, athletes, and influencers in real life.

XT.COM

Founded in 2018, XT.COM is the world's first socially infused exchange platform. It has approximately 3 million registered users and over 300,000 monthly active users. To name a few countries, the exchange has big groups from Russia, Japan, the Philippines, China, Korea, India, and Africa.

The XT.COM exchange is based in Dubai and operates in locations around the world, including Singapore and Seoul. Its goal is to give its users the greatest possible experience. According to CoinMarketcap and CoinGecko, it is currently one of the top exchanges. XT.COM currently supports 596 coins and 995 trading pairs as of this writing.
